PARAGON

INDUSTRIAL METAL COATING LLC

SERVICES & APPLICATIONS

Roll Jacketing-PSMR/PKMB : **Aluminum Jacketing**

Finishes : Smooth, Stucco, Corrugation

Material Length : 100 Ft Rolls, Sheets & Coils

Operation Width : 800 - 1600 mm

Material Thickness : 0.4 - 1.2mm

Aluminium Coil ID : 508 mm

Aluminium Coil weight : Max 6 Ton

Material Jacketing : **Stainless Steel**

Finishes : Smooth, Stucco, 5mm Corrugation

Material Length : 100 Ft Rolls, Sheets & Coils

Operation Width : 800 - 1600 mm

Material Thickness : 0.25 - 1.00mm

Aluminium Coil ID : 508 mm

Aluminium Coil weight : Max 6 Ton

PRODUCTS & SERVICES

COLOR COATED SHEET

PPAL - PRE PAINTED ALUMINUM
PPGI - PRE PAINTED GALVANIZED IRON
PPGI - PRE PAINTED GAL VALUME

TYPES OF COATING

- 2 COAT
- 3 COAT
- 4 COAT

COLOR COATING SYSTEM

SDPE/RMP/SMP/PUPA/PLASTISOL/OT PAINTS/WRINKLE FINISH/MONO COAT FOR CEILING TILES/PE/HOPE

INSULATION/METAL JACKETING

ALUMINUM INSULATION JACKETING
STAINLESS STEEL INSULATION JACKETING

APPLICATION

ALLOY : AA 1100, AA 3003, AA 3105, AA 5005, AA 5052

DIAMETER : Max 1,600 mm

THICKNESS : 0.25 - 2 mm

ALLOY : SS-304, SS-316

THICKNESS : 0.2 mm - 1 mm

WIDTH : 914 mm - 1220 mm/1600 mm

STUCCO EMBOSSING

- STUCCO EMBOSSED ALUMINUM SHEET IN COIL FORM
- STUCCO EMBOSSED LAMINATED ALUMINUM SHEET IN COIL FORM
- STUCCO EMBOSSED LAMINATED ALUMINUM 100 FEET SHEET ROLLS

PARAGON

INDUSTRIAL METAL COATING LLC

PARAGON INDUSTRIES LIMITED (INDIA)

BRIEF OVERVIEW

Paragon Industries Ltd. commenced the Aluminium production in August, 2008 and since then has been most reliable supplier of various Aluminium products all over India with exclusive dedicated dealers network. We have latest state-of-the-art plants and equipments imported from Germany and China with in-house three casters which have approx. 3000 tonnes of monthly production capacity. As on date, every month we are selling overall 1800 tonnes and are hopeful to achieve our ambitious monthly sales target of 2200 tonnes with the introduction of our third caster and Corrugated sheets in the market. Our raw material sources are EC and CG grade of ingots from Balco & Nalco and also few global companies. Thus, giving us an edge over others in terms of quality and consistency. With our state-of-the-art equipments and extremely dedicated team of well-qualified technical personnels, we supply the best material with good control over gauge variation and consistency in our quality. Our portfolio comprises the production of Aluminium sheets, coils, checkered sheets (Five Bar & Diamond), corrugated sheets, and PP cap closure stocks. We also supply quality closure stocks in coils and sheet form to major PP cap manufacturers in India.

ALUMINIUM EXTRUSION

Paragon Extrusions Private Ltd. was established in 1998 with its first Aluminium Extrusion unit and the another unit in Roorkee in the year 2003. Today, the company's production capacity is 9000 MT per annum with the toolings for over 3000 profiles that are widely used in architectural, air-conditioning, electrical, furniture, transportation, equipment manufacturing industries. We are also an OEM supplier to various reputed industries.

PARAGON

INDUSTRIAL METAL COATING LLC

PARAGON INDUSTRIAL METAL COATING LLC

BRIEF OVERVIEW

With an amalgamation of sophisticated technology and the highest quality standards, Paragon Industrial Metal Coating LLC stands to be a metal coating company, providing services to the commercial, industrial, and residential sectors. With its headquarters in the United Arab Emirates, Paragon Industrial Metal Coating LLC is a trailblazer in revolutionizing the field of industrial solutions with futuristic technologies. The company is legally registered by the department of economic development and has authentic trade and commercial licenses for both of their U.A.E and Delhi headquarters to add to their authenticity quotient.

EXECUTIVE SUMMARY AND OWNERSHIP

Under the professional supervision of esteemed owners like Mr. Daljeet Singh, Mr. Haris Ahmed Siddiqui, and Mr. Qamar Ahmed Kazmi the company has opened several avenues of prospects. The nationality of the company undoubtedly belongs to the United Arab Emirates, but the technology and quality implemented in the company are at par with the global standards. To add to their reliability, the company name is associated with a profound financial name like the Bank of Baroda & RAK Bank. With a streamlined and creative analysis of the construction norms along with a comprehensive evaluation of the client requirements, every service is designed to achieve the best functional combination at the lowest possible cost.

CORE VALUES AND VALUABLE CLIENTELE

Pioneering industrial solutions, the company always works on the safe sides of their employees, because the workforce is the most important asset for any company. Paragon Industrial Metal Coating LLC stands on the cornerstone of its core values and functional strategy blueprints. The company takes privilege in the fact that it has worked with some industry leaders and has provided them their sophisticated services. Some reckoned names in the client base of Paragon Industrial Metal Coating LLC include Technical Metallic profiles factory, Lootah Group, Panel Tech International LLC, Almajed Metal Industry LLC Ajman, and Ghosh group. The names aren't confined within these and yes, there are yet many more to come, but the level of expertise exceeds the horizons of the company's clientele. With transparent costs and consistent results, the experts are relentlessly focused on meeting and exceeding the customers' expectations.

INDUSTRIAL METAL COATING LLC

COATING LINE AND MATERIAL SPECIFICATIONS

		COATING LINE - I
SUBSTRATES		Aluminum and Steel
CAPACITY (ALUMINUM)		25,000 MT Aluminum
CAPACITY (PPGI)		75,000 MT GI
THICKNESS	ALUMINUM	0.25 - 2mm
	STEEL	0.2 - 1mm
WIDTH		1600mm Max
COIL I.D		508mm
COIL O.D		1500
COIL WEIGHT		500 kgs - 6000 kgs

	PAINTED ALUMINUM COIL	PAINTED GI COIL
TYPE OF MATERIAL	3003/3004/3005/3105 1050/5052/5754 series	HDGI/ALUZINC
GRADE	H-14/16/24/26/46	LFQ, SGCC, SS CS, DX, HX, Grades
COATING STANDARDS	ASTM	
PRE TREATMENT TYPE	Chrome Tetravalent / Chrome Free	
PACKING DESCRIPTION	Eye to Wall/ Eye to Sky On Wooden Pallets Multiple Coils are separated by Wooden Spacers and stretch wrap	
PALLET MASS	525 kg - 6100 kg	
PALLET HEIGHT	Maximum-1.6 Meter

QUALITY TEST

Each of our products is rigorously tested to be in line with the industry quality standards and then they are deployed. Some of our proficient testing alternatives include Impact testing, cross-hatch testing, pencil hardness test, gloss meter, and spectrometer data color spectrometry. Besides these tests, we also perform several other testing alternatives like humidity test, abrasion resistance, Salt spray, scratch resistance, and much more to make the end product as neat and sturdy as possible.
